

**PAQME**

## PAQ - who?

PAQME the travel lifestyle brand started in Melbourne Australia by travel obsessed, alpha - mums Cara and Georgia, who always make the most out of every day.

Our versatile Travel Raincoats will fill your day with pattern and fun and allow spontaneity always.

Light as a feather, Pack-it into it's attached PAQME Pouch and your PAQME is with you all the way.

In 2020 we have broadened our horizons and are on a new journey. We are extremely proud to introduce PAQME Planet to our range. Our Three-Quarter and Trench Raincoats will now also be available in a Recycled Bottle Fabrication, creating a second use for single use plastics.

Our goal is to continually improve our footprint on planet earth. We are aiming to remove all plastic packaging from our business over the next two years. We will be working to reduce all swing tag paper usage and source recycled paper over the next two years. We are also working on philanthropic partnerships.

We may also consider gender equality as we are currently an all female team.

We will still continue to offer our top selling Anyday and Everywhere Raincoats.

Transitioning our business is a 5 year goal. We are on our journey and we would love you to join us. There is so much to learn, so many complex layers to becoming a more sustainable, planet and people friendly business.... but we are going into it with our eyes and ears open.

Our love of travel, our love for the planet and it's people is what started this business. It's time to question everything and see if we can do better. Please join us on this journey at PAQME.
